**Speed Queen®**

# BUILT FOR **RELIABLE** PERFORMANCE.

With some of the most advanced laundry equipment controls in the industry, Speed Queen provides the options and revolutionary technology for all your multi-housing laundry needs. The Micro-Display Control (MDC) offers simplified electronic controls with basic features that are most important to residents. Speed Queen front load laundry products have met every design standard to be 100% ADA compliant.

HORIZON® MACHINES PROVIDE:

- ENERGY STAR® qualification that uses less energy, saves money and helps protect the environment
- Water use as low as 10.4 (39.5 liters) per cycle to reduce operating costs.
- Efficient dryer heating with 25,000 BTU (gas models) and 5,350 Watts (electric models) provide fast drying and lower operating costs.

MDC Controls offer total automated management of your laundry room with simple, powerful programming allows you the ability to:

- Display vend price, coin and time countdown
- Touch pad selection, combines temp and cycle
- Manually program and audit

## **FRONT LOAD** WASHER

The Speed Queen front load washer gives building owners and property managers unparalleled ability to reduce water and energy costs.

### FEATURES

**HIGH SPEED EXTRACT**  
1000 RPM final spin exerts 300 G-Force to maximize moisture removal from clothes.

**LARGE DOOR OPENING**  
With heavy-duty stainless steel 10" (25.4 cm) hinge for easy loading and unloading of clothes.

**DURABLE STAINLESS STEEL WASH TUB**  
Comes with a lifetime warranty, and actually becomes smoother with each use, so it won't pill, snag or fray clothes.

**MULTI-COMPARTMENT SUPPLY DISPENSER**  
Automatically adds detergent, bleach and softener.

## **CONTROL** TYPES

**Coin ("C")**

**Prep for Coin ("X")**

**Prep for Card ("Y")**

# SINGLE LOAD DRYER

Speed Queen's front control dryer, defined by its simplicity and its performance, provides everything you need to get the job done – and nothing you don't.

Speed Queen's single load dryers combine heavy-duty construction with reliable operation proven to stand the test of time. They're designed with less moving parts for one reason: so you'll face fewer maintenance problems and less wear and tear down the road. Our cabinet design maintains the perfect balance of heat, airflow and tumble action for optimal performance and efficiency.

## FEATURES

### SUPERIOR DRYING CONVENIENCE

With a 2.06 sq. ft. (1914 cm<sup>2</sup>) door opening, making it the widest in the industry, Speed Queen dryers offer the convenience of easy loading and unloading.

### EFFICIENT DRYER HEATING

With 25,000 BTU (gas models) and up to 5,350 Watts (electric models), Speed Queen dryers offer some of the fastest drying times in the industry.

### UPFRONT LINT FILTER

Easy to clean and secured.

### REVERSIBLE DOOR (SOLID DOORS ONLY)

For installation flexibility.

# STACK DRYER

The Speed Queen stack dryer offers the same great features as the single load dryer. Two commercial dryers in the space of one, both operating independently, including independent controls for optimum usage. Available with see-through or solid door models. (Solid door is reversible).

# STACK WASHER/DRYER

Speed Queen's stack washer/dryers bring an innovative stacked concept that takes up half the floor space that a conventional washer and dryer does when situated side by side. The freestanding softmount design can be installed on most floor types or levels. Both washer and dryer have the same hookups and connections as a standard washer and dryer. No additional plumbing or electrical change is needed. Same great features as the front control washer and dryer for superior washing and drying convenience.
